New Business – Fundraising Priorities

Cherie Lovsund

1. Work Order
 - a. A work order has been placed with facilities. Feminine product dispensers will be installed in girl's washrooms.
2. Numeracy Kits
 - a. It was discussed within the group and agreed that there was enough money in the Casino Fund to approve this expense. It was also noted that we only have to the end of this year to spend those funds so this request was approved by council.
3. Gates
 - a. It was discussed that we need a gate at the back of the school. Specifically, for safety reason but not limited to and will help with keeping stray dogs off our property. The kid's safety and well-being are the schools top priority. Cherie will get a couple of quotes as to the cost but was agreed by the council that there is sufficient fund in the General Account to cover this cost.

Colleen Hardy

Colleen would like to look into hosting a concession at the Track & Field event. In past these have been very successful but due to covid we have not been able to do these for the past few years. Colleen will look into further details to see if they can host one this year. Collen will advise.
